Authorized Tasks at Clinical Sites

As a student enrolled in the Certified Nursing Assistant (CNA) program, your education and safety, as well as the safety of patients, are of utmost importance. Therefore, students are **only permitted to perform tasks and procedures** at clinical sites that have been **explicitly taught and practiced** during classroom and lab training at Glory Nursing CNA School.

Important Guidelines

1. **No Unapproved Tasks:** Under no circumstances should you attempt or perform any clinical task or procedure that has not been covered in your coursework. This includes tasks that you may observe staff or other healthcare professionals performing. If you are asked to perform such tasks, respectfully inform the staff that it is outside your current scope of training.
2. **Supervised Tasks:** All tasks performed at the clinical site must be done **under the supervision of** a qualified preceptor. This ensures both the correct application of skills and adherence to patient safety standards.
3. **Ask for Clarification:** If you are ever unsure whether a task is within your scope of training, do not hesitate to ask your clinical instructor for clarification. It is better to seek confirmation than to risk patient safety or your own performance.
4. **Student Responsibility:** Students are expected to always demonstrate professionalism and ethical responsibility. Engaging in unauthorized tasks could result in disciplinary action and may impact your standing in the program.

Consequences of Non-Compliance

Any student found performing unauthorized tasks will be subject to the following disciplinary actions:

- Immediate suspension from the clinical site
- Review of the incident by school administration
- Possible removal from the CNA program

Commitment to Safety and Learning

The clinical experience is designed to complement your education and provide a safe learning environment for practical application. Adhering to the tasks you have been taught ensures that you develop skills progressively and in a manner that protects the well-being of all involved.

Please remember that patient safety, as well as your professional integrity, depend on your adherence to these guidelines.

63 O.S. § 1-1950.1 (OSCN 2012)

The effective date for fingerprinting of Certified Nurse Aides under HB2582 will be sometime after March 1, 2013, and will be established through rulemaking and after further notice. Until then, elements in the new law that are effective as of November 1, 2012, include a revised list of employment and certification disqualifying offenses for Certified Nurse Aides.

63 O.S. § 1-1950.1 Definitions

1. *"Nurse aide" means any person who provides, for compensation, nursing care or health-related services to residents in a nursing facility, a specialized facility, a residential care home, continuum of care facility, assisted living center or an adult day care center and who is not a licensed health professional. Such term also means any person who provides such services to individuals in their own homes as an employee or contract provider of a home health or home care agency, or as a contract provider of the Medicaid State Plan Personal Care Program;*

Pursuant to 63 O.S. § 1-1950.1(B), until such time as the fingerprinting requirements are implemented in rule, an employer is authorized to obtain any criminal history background records maintained by the Oklahoma State Bureau of Investigation. The following requirements apply:

Employers subject to this section are defined in law at 63 O.S. § 1-1950.1(A) and include:

- a continuum of care facility
- a home health or home care agency, and
- the Department of Human Services, in its capacity as an operator of any hospital or health care institution or as a contractor with providers under the Medicaid State Plan Personal Care Program;

The employer requests the OSBI to conduct a name based criminal history background check as before and provides the Bureau any relevant information required by the Bureau to conduct the check. The employer fee is Fifteen Dollars (\$15.00).

Temporary employment remains authorized. Provide to the Bureau the name and relevant information relating to the person within seventy-two (72) hours after the person accepts temporary employment.

The employer shall not hire or contract with the nurse aide on a permanent basis until the results of the criminal history background check are received,

The employer may accept a criminal history background report that is less than one (1) year old. The report shall be obtained from the previous employer or contractor of such person and shall only be obtained upon the written consent of the applicant.

Every employer subject to the provisions of this law shall inform each applicant that the employer is required to obtain a criminal history background record before making an offer of permanent employment.

An employer shall not hire and shall immediately terminate the employment of any applicant, for whom the results of a criminal history records search from any jurisdiction reveals that such person has a disqualifying criminal offense listed in subsection C of Section 1-1950.1.

Employment eligibility determination records are for the use of the Department and the employer.

Releasing or disclosing information in violation of this section, upon conviction thereof, is a misdemeanor.

As part of any inspections required by law, the Department shall review the employment files of the employer to ensure compliance with the provisions of this law.

IMPORTANT NOTICE REGARDING NEW LAW CHANGE

New law ([HB1435](#)) starting November 1, 2015, requires nurse aides and trainees to provide their current address to the State Department of Health's nurse aide registry and notify the registry of any change in address within ten days. Correspondence will be sent to the address on file with the registry, and if it is returned as not deliverable it will be considered legally served.

The new law permits the Department to suspend or revoke a nurse aide certification for cause, such as criminality revealed by a background check or any abuse, neglect or exploitation of residents under the aide's care.

Below are the bullet points of the changes to [Title 63 O.S., Section 1-1951\(A\)\(7\), \(D\)\(3\)\(b\), and \(D\)\(8\)](#).

- Certified nurse aides and nurse aide trainees shall maintain with the registry current residential addresses and shall notify the registry, in writing, of any change of name. Notification of change

Nurse Aide Registry
PO Box 268816
Oklahoma City, OK 73126-8816
Ph. 405-426-8150

of name shall require certified copies of any marriage license or other court document which reflects the change of name.

- Notice of change of address or telephone number shall be made within ten (10) days of the effected change. Notice shall not be accepted over the phone.
- In any proceeding in which the Department is required to serve notice or an order on an individual, the Department may send written correspondence to the address on file with the Registry. If the correspondence is returned and a notation of the United States Postal Service indicates “unclaimed” or “moved” or “refused” or any other non-delivery markings and the records of the Registry indicate that no change of address as required has been received by the Registry, the notice and any subsequent notices or orders shall be deemed by the court as having been legally served for all purposes.
- Basically this means aides must mail a change of address or phone number to the registry a within 10 days of that change. There will be a form on our website for submitting address changes [<http://nar.health.ok.gov>]. If an aide is served a Petition for Hearing and it comes back to the Department and indicates “unclaimed” or “moved” or “refused” or any other non-delivery markings, it will still be considered legally delivered and any pending action can proceed. This may result in the individual’s certification being suspended or revoked and a finding of abuse, misappropriation, or neglect placed on the registry.

By signing below, I certify that I have read the OSDH/NAR Handout of Rules and Regulations.
